SPOTLIGHT CAPITAL HOLDINGS ANNOUNCES ITS MOVE INTO COMMERCIAL TRANSPORTATION

Las Vegas, Nevada, Spotlight Capital Holdings Inc. (OTC;PK: SLCH) Spotlight Capital Holdings is set to enter the trucking and logistics space. The company is in the process of acquiring a trucking and logistics company that operates a small fleet of trucks. The move will give Spotlight Capital Holdings a foothold in the trucking and logistics space, and it is expected to help the company grow its business. The trucking and logistics space is a very lucrative business, and it is expected to grow in the years to come. The acquisition by Spotlight Capital Holdings is a shrewd move, and it is likely to pay off in the long run. Trucking and logistics are growing at a rapid pace, and with rapid growth, the supply chain has encountered a series of inefficiencies. As we transition from the effects that Covid-19 had on our supply chain, we believe we can position ourselves to fill and create underwhelming capacities within the supply chains. Spotlight Capital Holdings is looking to take advantage of this by creating a vertical operation that focuses on safety and efficiency within its operations. Trucking and logistics are one of Spotlight Capital Holdings near future revenue engines, as the company expands its footprint in the entertainment industry with its development of the Jukebox Swap platform and Spotnic platform. With an emphasis on generating revenue, Spotlight Capital Holdings is looking to deliver value-added services within the marketplace. For more information, please contact 725 224 5133 or via E-mail:
