**PROJECT OVERVIEW:** Please go to [www.Spotlightcapitalholdings.com](http://www.Spotlightcapitalholdings.com), Click on Movies and Music tab to view the trailer of this film. This compelling reality series is extremely unique in nature. Created by long time film veteran, Mr. Tierre Turner. The show introduces 8 young men fighting for a chance to win \$100,000 in cash among other sponsor driven incentives by riding bulls at a competitive level. The cast of eager and talented athletes give you a never before seen perspective of what it actually takes to be a bull rider. The sheer grit, determination and fearlessness of these young men keep you wanting more each episode.

The funds will be used to complete filming of 6 episodes. In addition, the proceeds of investment will be utilized to buy air time on network television. It is no secret that many networks are starved for quality programming. We are confident, based on our research and industry experience, The Ride will be met with great success. Buying airtime will not only give us the ability to control completion of the entire 13 episode series. We will ensure that all original episodes will be seen. The story line is built around competition building up to the grand finale.

We will begin negotiations with sponsors, and networks once empirical data starts to be compiled.

We feel that a \$500,000 initial investment will be sufficient to reach these goals.

---

*With a chance to win \$100,000 in this highly dangerous and competitive sport, anything can happen!*

*A group of young men giving everything they got for their shot, will leave you glued to your seat. Each episode giving you an inside look at the ups and downs of this exciting and challenging endeavor.*

*Mr. Turner has captured the essence of the life style, the struggles and successes of these young men. A chance to see the day to day physical and mental obstacles these young men face and what it takes to be part of this elite group of athlete's.*

*The Ride will have you laughing, crying and at times gasping for air as you watch these mean on their journey to become the next world champion!*

Tierre Turner was born in Detroit Michigan, he moved to California when he was 12 years old. His introduction into the entertainment industry began dates back to his child hood. Major influence came from his father's years in the business. Tierre's father had been an entertainer for as long as he could remember. He began doing stunts in Vaudeville; he did the S.O.S tours in the Army, and appeared on television shows. In addition to these talents, Mr. Turner father was a large contributor to stage acts. Mr. Turner continued his career by opening for entertainment legends such as: **Count Basie, Sam Cook, Jackie Wilson, and Redd Foxx.**

Tierre's father said: "Let's move to Los Angeles". There, Tierre met a director who was looking for s street kid to Play a nine year old Thief in a two hour special for McCloud , the extremely popular television show. Tierre reluctantly read for the part. By the urging of his father, Tierre read with **Dennis Weaver**, the Star of the show. He was a natural he did a read through for the studio, got the part and went on to get a **Emmy Nomination**. From there his acting career took off! Tierre began doing movies such as **Cornbread, Earl and Me** ( starring with Laurance Fishburne with , Friday Foster,Buck Town and i had my own series called the Cop and The kid with the wonderful actor Charles Durning.. From there i did Mash,six Million Dollar man as many other shows, it was a whirlwind and fast pace life,so i decided to take a break and live life a little. Of course a few years later i was back at it as a Stuntmen. Just couldn't stay away. And then it started. His need to create and utilize his expertise leads to this amazing project.
